

Did you know?

Puzzles are a learning tool. Children learn about the theme of the puzzle (ABC, counting, etc.), develop fine motor skills and eye hand coordination. Putting together puzzles helps develop problem solving skills and completing the puzzle builds self-esteem. If done with another person, playing with puzzles helps children develop their social skills, too.

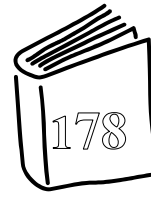

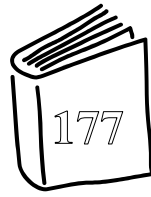

Did you know?

If your child is losing interest in a book, it is better to stop reading rather than forcing reading time. Reading needs to be fun. Return to the book later or choose another book.

You've read 200 books!

Isn't reading together fun?

What were your five favorite books from this hundred?

1. _____

2. _____

3. _____

4. _____

5. _____
